

## Lawrence & Pinkerton Maintenance Plans

Our aim is to provide high quality care and treatment in a relaxed, comfortable and safe environment. We are committed to continuing education and keeping abreast of advances in modern dentistry. To ensure we maintain the high standards our patients have come to expect it is becoming increasingly important for us to accurately match the number and the needs of our patients to the resources we have available.

Research shows that preventive dentistry delivered on a regular basis greatly reduces the risk of dental disease and provides a platform for a lifetime of improved oral health. We encourage such an approach and with this in mind we have joined with DPAS Limited to design our dental plans to reward loyal patients. These plans will be administered by DPAS who will make a separate arrangement with you to manage your payments under a plan. Plans will provide advantages both to our patients and to us. They allow us to plan your dental care more effectively and provide the best chance of keeping you dentally fit. The advantage for our patients is a reduction in the need for further treatment and peace of mind that all your preventive dental care will be covered by convenient monthly payments. Our plans also provide worldwide Supplementary Insurance for dental emergencies or dental injuries whilst at home or abroad (see overleaf).
